

WINTER FLOOD RISKS SOCIAL MEDIA COPY

SIMPLY COPY AND PASTE THESE CONVERSATION STARTERS ON YOUR SOCIAL CHANNELS

- Just because winter has arrived doesn't mean the risk of flood is diminished. The winter season presents its own risks like flooding due to ice jams, rapid snowmelt, or torrential rains. Flood insurance helps policyholders get back on their feet and return to their homes more quickly after a devastating flood. Contact us today for your personalized quote!
- Just a few inches of floodwater in your home or business can cause tens of thousands of dollars in damage and winter presents its own flood risks. We can help! Contact us for a flood insurance quote today and protect the life you've built!
- Flooding doesn't have a season. It can happen at any time of year, even in places that don't get hit by hurricanes. We can help you protect the life you've built! Contact us for a flood quote, today!
- Did you know? Winter presents its own flood risks, like ice jams, rapid snowmelt, or torrential rains. Homeowner and renter policies do not cover floods; only flood insurance can protect you from damage resulting from a flood event. Contact us for a flood quote and purchase your policy today!
